WELCOME MESSAGE

Dear Colleague,

On behalf of the board of EFC and members of the Organizing Committee we invite you to join us in the 8th European Congress of Colposcopy to be held in Rome on 25-28 September 2019.

The European Federation of Colposcopy was formed 20 years ago with the aim of improving the standards of colposcopy throughout Europe. It is a federation of 34 national colposcopy societies and is uniquely placed to both influence and represent European colposcopists.

Over this time, in addition to holding large triennial scientific meetings and many European courses, the EFC has developed influential training guidelines and clinical performance quality standards. These have been achieved through effective collaboration and regular focused satellite meetings that have generated a number of published reports and scientific papers. This has included a published recent analysis on the prognostic significant of excision biopsy margins in women being treated for cervical pre-cancer. We want to be able to harness the potential wealth of information and clinical data that our members has access to in order to tackle important clinical questions and improve the care of woman in cervical screening programs.

As in previous years, the focus of the scientific programme will be on state of the art presentations in our field as well as new insights into impact of HPV immunization on colposcopy, management of cervical cancer, colposcopic technologies and management of colposcopic problem. Also on 25th and 26th will take place the 34th Congress of the Italian Society of Colposcopy, and will be preceded by a Training the Trainers Course and Basic Colposcopy course.

The potential gains of primary HPV screening and vaccination will be compromised by poor colposcopy. We therefore all have a shared interest in reducing the burden of avoidable disease through not only vaccination but safe and effective screening.

We very much hope you enjoy the meeting and the delights of Rome.

Congress Co-Chairs: Mr. Charles Redman, Prof. Maggiorino Barbero

PATRONAGES

Congress Scientific Committee

Congress Co-Chair: Maggiorino Barbero – *Asti, Italy*

Congress Co-Chair: Charles Redman – *Stoke-on-Trent, UK*

Christine Bergeron – *Paris, France*

Simon Leeson – *North Wales, UK*

Pekka Nieminen – *Helsinki, Finland*

Evangelos Paraskevaidis – *Ioannina, Greece*

Ulrich Petry – *Wolfsburg, Germany*

Local Organising Committee

Maggiorino Barbero – *Asti, Italy*

Fausto Boselli – *Modena, Italy*

Paolo Cattani – *Verona, Italy*

Carmine Carriero – *Bari, Italy*

Andrea Ciavattini – *Ancona, Italy*

Rosa De Vincenzo – *Rome, Italy*

Maria Grazia Fallani – *Florence, Italy*

Antonio Frega – *Rome, Italy*

Cesare Gentili – *Massa Carrara, Italy*

Carlo Antonio Liverani – *Milan, Italy*

Antonio Perino – *Palermo, Italy*

Francesco Sopracordevole – *Aviano, Italy*

Wednesday 25 September 2019

Room 3 - EFC Interactive Basic Colposcopy Course

10:00 am - 12:00 am Colposcopic principles

10:00 am - 10:30 am Basic concepts of Colposcopy

Charles Redman

10:30 am - 11:00 am Normal cervical cytological and histological morphology (incl. metaplasia/SCJ)

Christine Bergeron

11:00 am - 11:30 am Normal colposcopic findings – including effects of age and pregnancy

Simon Leeson

11:30 am - 12:00 am The colposcopic features of abnormality

Mihaela Grigore

12:00 am - 12:45 am **BREAK**

12:45 am - 02:45 pm Colposcopic diagnosis

12:45 am - 01:15 pm Colposcopy diagnostics of low and high grade lesions, using Swede Score

Pekka Nieminen

01:15 pm - 01:45 pm Colposcopy diagnostics of glandular lesions

Simon Leeson

01:45 pm - 02:15 pm Colposcopy diagnostics of multifocal disease

Carmine Carriero

02:15 pm - 02:45 pm Interactive cases CR/PN/ SL

02:45 pm - 03:15 pm **BREAK**

03:15 pm - 05:15 pm Colposcopic management - Guidelines in the management of CIN

03:15 pm - 03:35 pm Different types of biopsy (punch biopsy, simple excisional, extended)

Carmine Carriero

03:35 pm - 03:55 pm The influence of colposcopic findings on management

Charles Redman

03:55 pm - 04:15 pm Management of LSIL

Simon Leeson

04:15 pm - 04:35 pm Management of HSIL

Pekka Nieminen

04:35 pm - 04:55 pm Special cases (pregnancy, menopause, immunosuppression)

Mihaela Grigore

04:55 pm - 05:15 pm Interactive cases MG/ CC/CR

05:15 pm - 06:00 pm **Feedback and test**

Room 2 - EFC Training the Trainers Course

01:30 pm - 03:30 pm **TTC**

01:30 pm - 01:40 pm Optimizing training: what should be the ideal training nowadays?

Xavier Carcopino

01:40 pm - 02:00 pm EFC quality standards, the SWEDE score and requirements for certification of colposcopy courses.

Xavier Carcopino

02:00 pm - 02:30 pm Who can be a trainer and what the role is?

Ameli Tropé

02:30 pm - 03:00 pm Providing feedback and make n action plan

Maggie Cruickshank

03:00 pm - 03:30 pm How to help the trainee in difficulty

Maggie Cruickshank

03:30 pm - 04:00 pm **BREAK**

04:00 pm - 06:00 pm **TTC**

04:00 pm - 04:15 pm Common difficulties the trainees in colposcopy will be facing and how to deal with these: setting the colposcope, localize the SCJ, inform the patient about management, diagnosis, and follow up

Ameli Tropé

04:15 pm - 04:30 pm Use of new image capturing and sharing systems in colposcopy training

Ameli Tropé

04:30 pm - 04:45 pm Use of training models for the treatment of CIN

Xavier Carcopino

04:45 pm - 05:00 pm How to set up a game role session

Maggie Cruickshank

05:00 pm - 06:00 pm **Role game session (Room 2) / Hands on session (Room 14)**

Xavier Carcopino, Maggie Cruickshank, Ameli Tropé

Thursday 26 September 2019

Aula Magna

02:00 pm - 03:15 pm **Session 1: Challenges facing Colposcopy**

Chairs: *Pekka Nieminen, Fausto Boselli*

02:00 pm - 02:15 pm Opening Speech

Charles Redman

02:15 pm - 02:45 pm The impact of HPV vaccination on colposcopy

Maggie Cruickshank

02:45 pm - 03:15 pm The value of colposcopy in cervical cancer screening

Guglielmo Ronco

03:15 pm - 03:45 pm **BREAK**

03:45 pm - 04:45 pm **Session 2**

Chairs: *Carmine Carriero, Simon Leeson*

03:45 pm - 04:15 pm The Impact of HPV screening on colposcopy

Karl Ulrich Petry

04:15 pm - 04:45 pm Update on the classification and management of cervical cancer

Denis Querleu

04:45 pm - 05:45 pm **OPENING CEREMONY**

Maggiorino Barbero, Giovanni Scambia, Chiara Benedetto,

Charles Redman, Emmanuel Diokamanolis

Friday 27 September 2019

Aula Magna

- 8:30 am - 9:30 am** **Session 3: The Transformation Zone and Squamocolumnar Junctions**
Chairs: *Andrea Ciavattini, Christine Bergeron*
- 8:30 am - 8:50 am** Prenatal development
Helga Fritsch
- 8:50 am - 9:10 am** Glandular and squamous story of cervical pathogenesis
John Doorbar
- 9:10 am - 9:30 am** Colposcopic definitions
Olaf Reich
- 9:30 am - 10:15 am** **DEBATE: In modern colposcopy, adjunctive technologies are essential**
Chairs: *Christine Bergeron, Paolo Cristoforoni*
John Tidy, Jacqueline Louwers, Charles Redman, Pekka Nieminen
- 10:15 am - 10:45 am** **BREAK**
- 10:45 am - 11:45 am** **Session 4: Treatment strategies PART I**
Chairs: *Charles Redman, Antonino Perino*
- 10:45 am - 11:15 am** Vulvar examination during colposcopy
Mario Preti
- 11:15 am - 11:45 am** Improving the quality of Training
Xavier Carcopino
- 11:45 am - 12:30 am** **Session 4: Treatment strategies PART II**
Chairs: *Charles Redman, Francesco Sopracordevole*
- 11:45 am - 12:30 am** **DEBATE: See-and-treat is an acceptable policy**
Carlo Antonio Liverani, Simon Leeson, Christine Bergeron, Ameli Tropé
- 12:30 am - 01:45 pm** **BREAK**
- 01:45 pm - 03:15 pm** **Session 5: Damage limitation PART I**
Chairs: *Maggiorino Barbero, Jana Zozzika*
- 01:45 pm - 02:15 pm** Damage Limitation in treating CIN
Maria Kyrgiou
- 02:15 pm - 02:45 pm** Conservative management of CIN
Ilkka Kalliala
- 02:45 pm - 03:15 pm** Preferred papers
- 03:15 pm - 03:45 pm** **BREAK**

Aula Magna

- 03:45 pm - 04:45 pm** **Session 5: Damage limitation PART II**
Chairs: *Xavier Carcopino, Antonio Frega*
- 03:45 pm - 04:15 pm** Triage in HPV positive patients
Marc Arbyn
- 04:15 pm - 04:45 pm** The management of VAIN
Francesco Sopracordevole

Saturday 28 September 2019

Aula Magna

9:00 am - 10:30 am **Session 6: Practical points Video Session**

Olaf Reich, Cesare Gentili

9:00 am - 9:30 am Preferred papers

9:30 am - 10:00 am Microbioma and pre-cancer

Giovanni Miniello

10:00 am - 10:30 am How I perform excisional treatment

Pekka Nieminen, Maggiorino Barbero, Bjorn Strander

10:30 am - 11:00 am **BREAK**

11:00 am - 12:45 am **Session 7: Hot topics/difficult situation**

Pekka Nieminen, Carlo Antonio Liverani

11:00 am - 11:15 am Congenital transformation zone (CTZ)

Bjorn Strander

11:15 am - 11:30 am Pregnancy

Andrea Ciavattini

11:30 am - 12:00 am Preferred papers

12:00 am - 12:15 am Vaccination after treatment for CIN

Jana Zdzika

12:15 am - 12:45 am Closing comments

Pekka Nieminen

Friday 27 September 2019

- 2:45 pm - 2:55 pm** Identification of european wide clinical priorities for guideline development in the management of pre-invasive cervical disease
Anna Collins - Esther Moss - Pekka Nieminen - Simon Leeson - Charles Redman
- 2:55 pm - 3:05 pm** The use of human papillomavirus DNA methylation in cervical intraepithelial neoplasia: a systematic review and meta-analysis
Sarah Lever - Ilkka Kalliala - Areti Veroniki - Marc Arbyn - Anita Mitra - Kostas Lathouras - Lisa Mirabello - Marc Chadea-hyam - Evangelos Paraskevaidis - James Flanagan - Maria Kyrgiou
- 3:05 pm - 3:15 pm** Colposcopy failure in HPV screening
Marcel Kocik - Isak Üye - Karl Ulrich Petry

Saturday 28 September 2019

- 9:00 am - 9:10 am** Age-specific HPV type distribution in high-grade cervical disease in screened and unvaccinated women
Karoliina Aro - Pekka Nieminen - Karolina Louvanto - Maija Jakobsson - Seppo Virtanen - Matti Lehtinen - Joakim Dillner - Ilkka Kalliala
- 9:10 am - 9:20 am** Clinical significance of colposcopic pattern in long term follow-up of histopathological LSIL: a multicentric retrospective study
Matteo Serri - Giovanni Delli Carpini - Paola Garutti - Maria Grazia Fallani - Barbara Gardella - Paolo Scirpa - Maria Teresa Schettino - Anna Del Fabro - Annalisa Pieralli - Francesca Ravennati - Sara Montori - Rossana Agrusti - Maria Papiccio - Maria Rita Primieri - Anna Chiara Boschi - Federica Cigolot - Francesco Sopracordevole - Andrea Ciavattini
- 9:20 am - 9:30 am** The systematic introduction of quality assurance (QA) data collection and monitoring of clinical colposcopy performance at a national level: the english experience
Philippa Pearmain - Simon Wrathall - Sarah Askew - Charles Redman - John Tidy
- 11:30 am - 11:40 am** Practice variation and overtreatment in women with abnormal cervical cytology; two-step method versus see-and-treat approach
Diede Loopik
- 11:40 am - 11:50 am** Behavioural factors associated with genotype specific HPV prevalence among women referred to colposcopy
Laura Bergqvist - Ilkka Kalliala - Mari Kiviharju - Maija Jakobsson - Karolina Louvanto - Pekka Nieminen
- 11:50 am - 12:00 am** Age-related changes in nine-valent HPV vaccine coverage according to genotypes detected in high-grade cervical lesions
Luca Giannella - Giovanni Delli Carpini - Jacopo Di Giuseppe - Cristina Fodero - Giovanni D'ippolito - Andrea Ciavattini

Two ePoster totems are available to give delegates the opportunity to display the accepted posters.

Impact of HPV vaccination on colposcopy

- P01** Cytological and HPV test results in sexually active women undergoing gardasil-9 catch-up HPV vaccination.
De Vincenzo Rosa, Caporale Nicola, Bertoldo Valentina, Ricci Caterina, Scambia Giovanni, Capelli Giovanni
- P02** Incidence of HPV infection among naïve patients who have been vaccinated during adolescence.
De Vito Giovanni Battista, Antonucci Silvia, Dominoni Mattia, Quatrone Carmela, Carletti Giulia Vittoria, Bergante Carola, Gardella Barbara
- P03** Impact of HPV immunisation on referrals to colposcopy under 25 years of age at guys and st thomas nhs foundation trust.
Majeed Gulnaz, Lee Nikki

Impact of HPV primary screening on colposcopy

- P04** Diagnostic accuracy of colposcopy in menopause: preliminary results of retrospective analysis.
Dominoni Mattia, Carletti Giulia Vittoria, Musacchi Valentina, Arrigo Anna, Gardella Barbara, Nappi Rossella Elena
- P05** Detection of VIN, VAIN and AIN in an HPV based screening program (WOLPHSCREEN) and patients' views on colposcopic evaluation of the vulva.
Ganzer Antonia, Denecke Agnieszka, Üye Isak, Petry Karl Ulrich
- P06** Human papillomavirus and menopause: prevalence and genotype distribution.
Gardella Barbara, Dominoni Mattia, Carletti Giulia Vittoria, Boschi Anna Chiara, Nappi Rossella Elena
- P07** HPV DNA detection in self-sampled cervicovaginal swabs and cervical swabs obtained by physician.
Jaworek Hana, Koudelakova Vladimira, Uvirova Magdalena, Hajdich Marian
- P08** Colposcopic and histological outcome of ASCUS and ASC-H in women screened for cervical cancer.
Ortashi Osman
- P09** Increased detection of CIN2+ using electrical impedance spectroscopy (ZedScan) as an adjunct to colposcopy in a hrHPV screening setting.
Tidy John, Palmer Julia, Brown Brian
- P10** HPV-DNA primary screening in Israel decreased indicated colposcopy referrals and increase CINII+ diagnosis at first screening round.
Schejter Eduardo, Shainadman Einav, Feinberg Tal, Segal Jacov, Sandbank Judith, Vilkin Alina, Gladych Valeri, Vaknin Zvi
- P11** Coriolus versicolor-based vaginal gel in the clearance and/or cytology normalization in high-risk HPV positive patients.
Riera Margarita, Rupérez B, Lázaro I, Felgueroso Anna, Fontanet E, Tena Y
- P12** Effect of a coriolus versicolor-based vaginal gel in HPV infected women: normalizing HPV-dependent cervical lesions (ASCUS/LSIL) and high-risk HPV clearance.
Serrano Luis, López Andrés Carlos, González Silvia, Palacios Santiago, Dexeus Damian, Centeno Cristina, Coronado Pluvio, de la Fuente Jesús, López Fernández José Antonio, Vanrell Cristina, Cortés Javier

Selection / triage strategies for referral to colposcopy and treatment

- P13** What is the optimal colposcopy rate?
Andrews Jeff
- P14** Management and follow up of atypical glandular cell (AGC) at Papanicolaou screening: our experience.
Barbera Valeria, Barbasetti di Prun Allegra, Solima Eugenio, Becherini Chiara, Colombi Roberto, Natale Andrea, Vignali Michele, Busacca Mauro

- P15** **Role of HPV genotyping in progression to HSIL and LSIL persistence during follow-up in HR-HPV positive women: a prospective cohort study.**
Delli Carpini Giovanni, Verdecchia Valeria, Papiccio Maria, Fichera Mariasole, Sopracordevole Francesco, Ciavattini Andrea
- P16** **Cervical intraepithelial neoplasia (CIN 3)/carcinoma in situ in young patient with a negative Pap test: a case report.**
Giovine Giuseppina, Pagano Tiziana, De Rosa Pasquale, Vallone Roberta, Buonfantino Cira, Castaldo Emanuele, Gallo Alessandra, De Placido Giuseppe
- P17** **Comparison of the triage methylation markers in HPV-positive cervical and cervicovaginal smears.**
Koudelakova Vladimira, Jaworek Hana, Uvirova Magdalena, Hajduch Marian
- P18** **Beneficial effects of coriolus versicolor vaginal gel on clearance of human papilloma virus infection.**
Merola Marina, Buratti Elisabetta, Barbasetti Allegra, Becherini Chiara, Pietropaolo Giuliana
- P19** **Evaluation of folate receptor-mediated detection as an alternative diagnostic tool for cervical intraepithelial neoplasia 2+.**
Moos David, Yuping D.
- P20** **Default from colposcopy referral & follow-up: understanding the situation in Europe.**
Tabuica Uliana, Redman Charles, Cruickshank Margaret, Davies Philip

Colposcopic Adjunctive technologies

- P21** **Does dynamic spectral imaging colposcopy improve the diagnostic accuracy of cervical dysplasia?**
Booth Berit, Petersen Lone Kjeld, Dahl Katja, Mertz Henrik, Blaakaer Jan, Bor Pinar
- P22** **Implementing a protocol for conservative management of CIN2 patients with the dysis spectroscopic colposcope used for longitudinal colposcopic tracking.**
Brady Jullien, Papagiannakis Manolis
- P23** **CIN2+ by standard, random and dynamic spectral imaging biopsies during routine colposcopy for low-grade referrals: an NHS colposcopy clinic based study.**
Papagiannakis Emmanouil, Founta Christina, Milliken David
- P24** **Moderate dyskaryosis cytology referrals: a feasibility study on the role of dysis colposcopy in facilitating decision-making.**
Papagiannakis Emmanouil, Founta Christina, Milliken David
- P25** **Evaluation of a single user experience with Zedscan in an HPV triaged colposcopy context.**
Redman Charles, Harding Lorraine, Dunn Phyllis, Hadden Paula, Sutton Amanda
- P26** **Training colposcopists using an on line teaching course in association with mobile colposcopy with quality control. The shanghai method.**
Singer Albert, Long Sui
- P27** **Routine use of zedscan increases detection of high grade CIN in women who are referred to colposcopy with persistent HRHPV positive negative cytology screening results.**
Tidy John, Brown Brian, Healey Jamie, Palmer Julia
- P28** **Human uterine CERVIX-ON-A-CHIP: establishing the first in vitro model to study the development of cervical carcinoma and human papiloma virus mechanism of action.**
Combaila Josep, Khorsandi Danial, Haghniaz R, Seydoux G, Gastlain Yann, Emsellem Carine, Palacios Santiago, Khademhosseini A

Treatment and follow up of CIN

- P29 Outcomes after treatment of CIN in women living with HIV. An italian multicentric study.**
Agssi Alberto, Maestri Marta, Fasolo Maria Michela, Sopracordevole Francesco, Del Fabro Anna, Ciavattini Andrea, Delli Carpini Giovanni, Gardella Barbara, Sansone Matilde, Fallani Maria Grazia, Pieralli Annalisa, Mazzali Cristina
- P30 Reproductive and oncological outcomes after treatment for CIN.**
Athanasiou Antonios, Veroniki Areti-Angeliki, Efthimiou Orestis, Kalliala Ilkka, Naci Huseyin, Lever Sarah, Paraskevaidi Maria, Martin-Hirsch Pierre, Bennett Phillip, Paraskevaidis Evangelos, Salanti Georgia, Kyrgiou Maria
- P31 Adenocarcinoma cervicale in SITU: esperienza del Servizio di Patologia del Tratto Genitale Inferiore della Clinica Ostetrica e Ginecologica dell'Azienda Ospedaliera di Perugia.**
Belli Chiara, Gavagni Valeria, Alfonsi Luisa
- P32 Treatment for cervical pre-neoplastic lesions : long-term analysis and obstetric outcomes.**
Bocci Carlo, Conta Francesco, Rabino Vicki, Barbero Maggiorino, Canni Marco, Bertini Umberto, Gallia Laura
- P33 The benefits of LLETZ - our experience.**
Butorac Dražan, Cukelj Marijo, Župic Tomislav, Vukovic Ante, Tuckar Neven, Radovic Radovcic Sandra, Krunoslav Kuna
- P34 Outcomes of referrals with? Glandular neoplasia.**
Chiu Selina, Lyons Deirdre
- P35 Effects on vaginal microbiota restoration and cervical epithelialization in positive HPV patients undergoing vaginal treatment with carboxy-methyl-beta-glucan.**
De Rosa Nicoletta, Della Corte Luigi, Bifulco Giuseppe, Lavitola Giada
- P36 Test of cure after treatment for cervical intraepithelial neoplasia.**
Heinonen Annu, Jakobsson Majja, Kiviharju Mari, Virtanen Seppo, Aro Karoliina, Nieminen Pekka, Kalliala Ilkka
- P37 Value of large loop excision of the transformation zone (LLETZ) without histological proof of high-grade cervical intraepithelial lesion: results of a two-year continuous retrospective study.**
Julien Chevreau, Mathilde Pécourt, Jean Gondry, Arthur Foulon, Ségolène Delmas-Lanta, Fabrice Sergent
- P38 Large loop excision of the transformation zone: comparison between excision after punch biopsies and select-and-treat strategy.**
Kiviharju Mari, Kalliala Ilkka, Heinonen Annu, Aro Karoliina, Jakobsson Majja, Nieminen Pekka
- P39 Morphological analysis of the cone specimen with the MICRO-CT.**
Koutna Kristyna, Turyňa Radovan, Seidlova Katerina, Hozman Jiri, Marvanova Klikarova Jitka, Feyerisl Jaroslav
- P40 Very low incidence of HPV infection in patients with CIN2+ in population with very high incidence of carcinoma cervicis! Why?**
Krsic Vesna, Jocić Pivac Biljana, Tosic Bratislava, Dzinic Milica, Srbinovic Ljubomir, Jovanovic Dragomir
- P41 Incidence of cervical cancer and other malignancies after treatment of cervical intraepithelial neoplasia: a systematic review and meta-analysis.**
Kyrgiou Maria, Kalliala Ilkka, Athanasiou Antonios, Veroniki Areti-Angeliki, Salanti Georgia, Efthimiou Orestis, Raftis Nikos, Lever Sarah, Aro Karoliina, Nieminen Pekka, Paraskevaidis Evangelos
- P42 Rate of overtreatment of LSIL in Ukraine.**
Muryzina Iryna, Lazurenko Victoria, Pasieshvili Nana, Gradil Oksana
- P43 Local immunomodulatory treatment of cervical low grade squamous intraepithelial lesions.**
Palomba Marco, Melis Gian Benedetto, Laurita Longo Valentina

- P44 Impact of cervical regeneration after excision for histopathological HSIL on reproductive and obstetric outcomes: a prospective multicentric study.**
Papiccio Maria, Delli Carpini Giovanni, Segnalini Noemi, Pizzagalli Davide, De Vincenzo Rosa, Sopracordevole Francesco, Ciavattini Andrea
- P45 Accuracy of margin status to predict treatment failure.**
Arbyn Marc, Parry-Smith William, Todd Richard, Redman Charles
- P46 Time to reconsider depth of TZ1 excision?**
Parry-Smith William, Arbyn Marc, Todd Richard, Redman Charles
- P47 Outcome of conizations: a retrospective review.**
Pedro Amélia, Fraga Teresa
- P48 Prevention of cervical cancer in low/middle income countries: the role of colposcopy.**
Rabino Vicki, Barbero Maggiorino, Sopracordevole Francesco, Cattani Paolo, Boselli Fausto, Viberti L., Ferrario E.
- P49 Case report on treatment of cervical and vaginal neoplasia with imiquimod 5% cream.**
Šavrova Aleksandra
- P50 "Real life" management of LSIL/CIN1 among italian gynecologist (GYN).**
Sopracordevole Francesco, Barbero Maggiorino, Del Fabro Anna, Morini Stefano, Cigolot Federica, Ciavattini Andrea
- P51 The clinical course of untreated cervical intraepithelial neoplasia (CIN) 2 in women aged between 30 and 39.**
Uye Isak, Petry Karl Ulrich
- P52 Early detection and monitoring of abnormal findings of pap tests in polyclinic sunce_agram Sarajevo BIH.**
Zujovic-Ajanovic Aida, Juric Nina, Lecic Radoslavka, Spahovic Asim, Delic Taib, Kresic Tanja

Colposcopic management in pregnancy

- P53 Cervical squamous intraepithelial neoplasia in pregnancy and postpartum– screening, clinical management and follow-up outcome of preinvasive diseases.**
Gajzlerska-Majewska Wanda, Suchonska Barbara, Warzecha Damian, Pietrzak Bronislawa, Wilegos Miroslaw
- P54 CIN 2-3 in pregnancy-the risk of cervical cancer and the safety of LLETZ in the first 15 weeks.**
Siegler Efraim, Mackuli Lena, Lavie Ofer, Amit Amnon, Vaknin Zvi

Colposcopy management of Immunocompromised women

- P55 Cervical cytological abnormalities colposcopically confirmed in patients after solid organs and bone marrow transplantation.**
Suchonska Barbara, Warzecha Damian, Pietrzak Bronislawa, Gajzlerska-Majewska Wanda, Wilegos Miroslaw
- P56 Cervical intraepithelial neoplasia (CIN) in patients with hashimoto's thyroiditis and hypothyroidism - verification of the cytology results.**
Suchonska Barbara, Warzecha Damian, Gajzlerska-Majewska Wanda, Kurlenko Karolina, Choroszun Tatiana, Michalska Paulina, Pietrzak Bronislawa, Wilegos Miroslaw

Management of Management of early stage cervical cancer

P57 Smile: is fertility-sparing surgery a safe option?

Iacobone Anna Daniela, Orlandini Anna, Vidal Urbinati Ailyn Mariela, Calvino Isabel Giacoma, Spolti Noemi, Franchi Dorella, Preti Eleonora Petra

P58 Management of screen detected cervical cancers at GSTT.

Majeed Gulnaz

P59 Fertility sparing treatment in patients with early stage cervical cancer: role of follow up for local recurrences.

Preti Eleonora Petra, Orlandini Anna, Vidal Urbinati Ailyn Mariela, Calvino Isabel Giacoma, Spolti Noemi, Franchi Dorella, Iacobone Anna Daniela

P60 Clearance of high-risk HPV after LLETZ has a high predictive value of absence of residual disease in women with early stage cervical cancer.

Siegler Yoav, Siegler Efraim, Goldberg Yael, Sabu Edmond, Shaked-Mishan Pninit, Mazareb Salam, Lavie Ofer, Segev Yakir

P61 The Value of Repeat Loop Excision in the Management of FIGO Stage 1a1 cervical cancer.

Wilkinson Marc, Todd Richard, Redman Charles

Psychological impact, support and information needs of women in the cervical screening programme.

P62 Women's experience along the HPV post-diagnosis journey as evidenced by a quantitative research.

Ciavattini Andrea, Barbero Maggiorino, Sopracordevole Francesco

P63 HPV selfyt™ test, an innovative HPV genotyping assay without DNA extraction based on self-collected vaginal swab: preliminary data of effectiveness in women with CIN2+.

Clemente Nicolò, Avian Alice, Mauro Elisabetta, Montrone Michele, Del Fabro Anna, Morini Stefano, Perin Tiziana, Puzzi Luca, Isidoro Erica, DI Napoli Michela, Zanconati Fabrizio, Banks Lawrence, Canzonieri Vincenzo, Marini Bruna, Ippodrino Rudy, Sopracordevole Francesco

P64 Safety first: older women's experiences with colposcopy and preferences for follow-up after abnormal cervical cytology.

Kirkegaard Pia, Gustafson Line Winther, Petersen Lone Kjeld, Andersen Berit

Quality Assurance and Audit

P65 QA indicators for colposcopy in cervical screening: applicability and utility.

Carriero Carmine, Dellino Miriam, Capursi Teresa, Mancini Tiziana, Popolizio Antonella

P66 An audit of invasive cervical cancer in tatarstan (Russian Federation).

Katsyuba Mikhail, Terenteva Vera, Khasanov Rustem, Akhmetzianova Aisylu, Nigmatullina Nigina

P67 Development of a clinicopathological conference (CPC) index at a large tertiary centre.

Lovett Amy, Parry-Smith William, Wilkinson Marc, Dunn Phyllis, Harding Lorraine, Redman Charles

P68 A retrospective observational study of benchmarking data used in the quality assurance of colposcopy in Scotland.

McGee Alice

P69 The application of systematic quality assurance (QA) and clinical governance (CG) on identifying and then learning from mistakes: an example.

Redman Charles, Harding Lorraine, Douce Gillian, Cooper Nichola

Vaginal microbiome and innate immunity

- P70** **Abnormal Pap smear and co-infections with trichomonas vaginalis and gardnerella vaginalis in a population of HIV-positive and HIV-negative women: a retrospective study.**
Esposito Rosanna, Giudicepietro Antonia, Saccone Gabriele, Angelino Antonio, Zullo Fulvio, Sansone Matilde
- P71** **Clinical efficacy of local therapy with propionibacterium acnes for vulvar-perineal condylomatosis: a prospective multicentric study.**
Verdecchia Valeria, Delli Carpini Giovanni, Serri Matteo, Capodanno Massimo, Barberi Carones Maurizio, Palomba Marco, Sansone Matilde, Frega Antonio, Liverani Carlo Antonio, Fallani Maria Grazia, Pieralli Annalisa, Sopracordevole Francesco, Agarossi Alberto, Cattani Paolo, Barbero Maggiorino, Ciavattini Andrea
- P72** **Impact of the tissue associated macrophages to the progression of HPV-induced cervical intraepithelial neoplasia to cervical cancer.**
Volodko Nataliya, Petronchak Orest, Belyak Andriana

Treatment and follow up of vaginal, vulval and perianal precancer

- P73** **Vulvar endometrial stromal sarcomas: a case report an literature review.**
Amadori Andrea, Maniglio Paolo, Costantini Matteo, Saragoni Luca, Fausti Valentina

NAME BADGES

For security purposes delegates, accompanying persons and exhibitors must wear their name badge at all times in order to access to the Congress Venue, the Scientific Sessions and social activities.

EXHIBITOR BADGES

Exhibitor badges allow access to the Exhibition Hall. Exhibitor badges do not allow access to Scientific Sessions. Exhibitors can access their own company sponsored sessions.

EVALUATIONS

An evaluation survey will be sent to each delegate via email at the conclusion of the 8th European Congress of Colposcopy.

CME

The **8th European Congress of EFC**, Rome, Italy, 25/09/2019-28/09/2019 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 17 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form available by email.

The EACCME® awards ECMEC®s on the basis of 1 ECMEC® for one hour of CME with a maximum of 8 ECMEC®s per day.

Each participant will have to make his/her badge scanned at the entrance/exit of the meeting rooms to register his/her attendance.

Doctors must only claim ECMEC®s for those LEES, or part of LEES that they have attended, and should ensure that do so in accordance with their home country's criteria.

In order to require the recognition of ECM credits, Italian healthcare professionals can submit to their professional order the useful documentation (ID, ECMEC® certificate, programme of the event and dedicated request form). The professional order will evaluate the event and the possible recognition of the credits.

The UEMS-EACCME® has mutual recognition agreements with the American Medical Association (AMA) for live events and e-learning materials and with the Royal College of Physicians and Surgeons of Canada for live events only.

The CME certificate will be provided electronically after the Congress.

FACULTY CONFLICT OF INTEREST DISCLOSURES:

According to the UEMS-EACCME® WCD2019 requires that all individuals who make any presentation at the Congress declare their conflicts of interest in relation to their presentation(s). If there are no relevant conflicts this must be also be specifically declared. The list of conflict of interest declarations is available for review on the Congress website <https://thyroidworldcongress.com/>. All presenters must provide a declaration of COI at the time of presentation.

More detailed information on individual disclosures by any specific author, listed by specific type of conflict and commercial relation(s), are available for review by direct request to the Organising Secretariat.

CELL PHONES & E-DEVICES

As a courtesy to your fellow delegates and speakers, please remember to turn "OFF" cell phones while in the education sessions.
